Rafael GARCÍA MEIRO
Chief Executive Officer

The organization for which this certificate is being issued has commissioned AENOR to carry out a verification under a limited level of assurance of its Sustainability Report in accordance with Sustainability Reporting Standards (GRI SRS) in the options stated in this certificate.

As a result of the verification carried out, AENOR issues this Certificate, of which the verified Sustainability Report forms part. The Certificate is only valid for the purpose entrusted and reflects only the situation at the time it is issued.

The purpose of the verification is to provide the interested parties with a professional and independent opinion about the information and data contained in the organization's Sustainability Report, prepared in accordance with GRI Standards.

Responsibility of the organization. The organization had the will for reporting its Sustainability Report in accordance with GRI SRS. The approval of the Sustainability Report, as well as its content, is the responsibility of its Governing Body. This responsibility also includes designing, implementing and maintaining such internal control as is deemed necessary to ensure that the Sustainability Report is free from material misstatement due to fraud or error, as well as the management systems from which the information required for the preparation of the Sustainability Report is obtained. The organisation has informed AENOR that no events have occurred, from the date of the close of the reporting period in Sustainability Report until the date of verification, that might require corrections to be made to the report.

Verification program in accordance with ISO/IEC 17029:2019 AENOR, has carried out this verification as an independent provider of verification services. The verification has been developed under the principles of "evidence-based approach, fair presentation, impartiality, technical competence, confidentiality, and accountability" required by the international standard ISO/IEC 17029:2019 "Conformity assessment - General principles and requirements for validation and verification bodies".

Additionally, the criteria and information that have been taken into account as a reference to carry out the Verification Program have been the criteria established by the global sustainability reporting initiative in the GRI standards where the organisation has opted for this recognised international framework for disclosure of information relating to its corporate social responsibility performance

AENOR expressly disclaims any liability for decisions, investment or otherwise, based on this Declaration.

During the verification process carried out, under a limited level of assurance, AENOR conducted interviews with the personnel in charge of compiling and preparing the Report and reviewed evidence relating to:

- Activities, products and services provided by the organization.
- Consistency and traceability of the information provided, including the process followed to collect it, sampling information about the reported.
- Completion and content of the Sustainability Report in order to ensure the completeness, accuracy and veracity of its content.

The conclusions are therefore based on the results of this sample process, and do not absolve the Organization of its responsibility for compliance with applicable legislation.

The personnel involved in the verification process, the review of findings and the decision to issue this Statement have the knowledge, skills, experience, training, supporting infrastructure and capacity to effectively carry out these activities.
